Resources and preconditions

GPI goes radically digital and continues to build a modern, mobile and information-driven police force

GPI is an attractive employer and invests in (specialised) human capital

GPI operates in a safe, diverse and sound work environment

GPI is an international player and partner

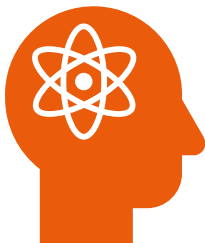

GPI orients its resources towards the implementation of the NSP

Implementation, evaluation and follow-up

Qualitative and quantitative follow-up

Evaluation of the flexible operation
and possible adjustment after two
years
